NATIONAL COAGULATION CONCLAVE 2025

Mission *and* Vision

Mission

Enhance Knowledge and Skills

- ◆ Provide a platform for healthcare professionals to acquire up-to-date knowledge and skills in the diagnosis, treatment, and management of coagulation disorders.
- ◆ Facilitate continuous medical education through lectures, workshops, and hands-on training sessions.

Foster Research and Innovation

- ◆ Encourage research and innovation in the field of coagulation to develop new therapies, diagnostic tools, and treatment protocols.
- ◆ Promote collaborative research projects and sharing of research findings among professionals and institutions.

Improve Patient Outcomes

- ◆ Focus on translating scientific advancements into clinical practice to improve patient outcomes.
- ◆ Develop and disseminate clinical guidelines and best practices to ensure high standards of patient care.

Increase Awareness

- ◆ Raise awareness about coagulation disorders among healthcare professionals, patients, and the general public.
- ◆ Educate the public on the importance of early diagnosis and proper management of coagulation disorders.

Vision

Leadership in Coagulation Care

- ◆ Position the National Coagulation Conclave as a leading forum for advancements in the care and management of coagulation disorders in India and globally.
- ◆ Establish a reputation for excellence in education, research, and clinical practice in the field of coagulation.

Collaborative Excellence

- ◆ Foster a collaborative environment where experts from various disciplines can share insights, collaborate on research, and develop innovative solutions for coagulation disorders.
- ◆ Build strong networks among hematologists, transfusion medicine experts, researchers, and clinicians to drive progress in the field.

Standardization and Best Practices

- ◆ Standardize the approach to diagnosing and managing coagulation disorders across healthcare settings in India.
- ◆ Develop and promote best practice guidelines to ensure consistent and effective patient care.

Patient-Centered Care

- ◆ Ensure that all initiatives and advancements in the field of coagulation are focused on enhancing the quality of life and care for patients with coagulation disorders.
- ◆ Advocate for patient-centric approaches in research, education, and clinical practice.

Global Integration

- ◆ Integrate global best practices and advancements into the Indian context, ensuring that Indian healthcare professionals are at the forefront of coagulation care worldwide.
- ◆ Engage with international experts and organizations to exchange knowledge and foster global collaborations.
- ◆ The National Coagulation Conclave aims to be a beacon of progress and innovation in the field of coagulation, driving improvements in patient care and outcomes through education, research, and collaboration.

From the Desk of Honorary Secretary
Indian Society of Haematology and Blood Transfusion

Dear Delegates / Faculties,

On behalf of Indian Society of Haematology and Blood Transfusion I welcome all the faculties and delegates to this National Coagulation Conclave 2025 which is going to be held on 29th and 30th August 2025 in the City of Joy Kolkata.

The disorders of coagulation including Haemophilia are ever changing subjects and continuous education is essential. There is a tremendous advancement in the field of treatment of haemophilia. Personalized treatment of haemophilia and inhibitor treatment is changing day by day and all the medical practitioners that include doctors, medical technologists, paramedical staff, physiotherapists and others need to update themselves to make the best use of these advancements.

Eminent speakers across nation will be delivering lectures on recent advancements of various bleeding disorders comprising both clinical and laboratory haematology. This is the first time where experts and stake holders of different States who are working in the field of Haemophilia coming together to share their knowledge and experiences.
